

NEW & INNOVATIVE PRODUCTS

Our all new 'Easy Clean iopak Food Conveyors', are reaching new heights

The main problem with food conveyors is keeping them clean. It can be a very time consuming proposition. But all that is in the past with the all new 'Easy Clean' iopak Conveyors.

Due to the unique design you are able to quickly clean all the essential components via the quick release in 3 easy steps.

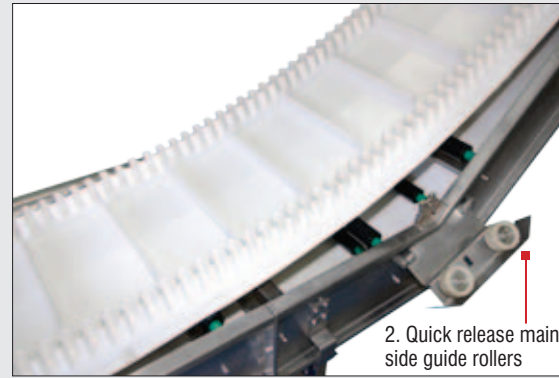

1. Release the main roller tensioner
2. Release the main side guide rollers
3. Remove underside spill tray

You now have easy access to enable cleaning of all surfaces.

These conveyors are ideally suited for nuts, seeds, cheese, powders, spices, cereals and fruits, to name but a few.

The 'Easy Clean' iopak range of Food Conveyors is a first choice for food processing. We can customised to your specifications.
